Sun – USPSA (IPSC) – PPC

4th Week of Month:

Sat – Steel Challenge – PPC
Sun – Steel Workers – PPC

Tucson Guns Encourages you to Train with your Firearms

Tactical Response

The root word to "gunfight" isn't "gun". It is "FIGHT"! Fighting Pistol

[<register>](#)

The most comprehensive 2-day handgun class in the world! This course is literally a life saver. Our Fighting Pistol course prepares you to prevail in a real world violent confrontation and many students have gone on and done just that! This intensive course covers an incredible amount of material in just two days and we have been told that it covers more than any 5 day course at the "big schools".

Force on Force Scenarios

[<register>](#)

Test your defensive skills against thinking, moving adversaries in over a dozen realistic scenarios. Years of static square range training won't give you the tools and insights that these two days of tactical problem solving will. Make no mistake; this is a gunfighting course. We use paint marking rounds fired safely from real guns for the most realistic and adrenaline charged training experience to be had!

Security Tips; brought to you by Fort Knox Safes

Stop by to see our selection of Ft. Knox safes at the store that are ready to deliver

Store Hours: Mon-Fri 10am – 6pm & Sat 9am – 5pm Closed Sunday

Fort Knox Handgun Safes / Pistol Boxes:

The same premium quality that Fort Knox builds into their full size safes has been engineered into the new Fort Knox Pistol Box. The 24 pound pistol box is constructed of a beefy 10 gauge body and a massive 3/16" wrap around door. It also features a gas strut to assist opening the heavy door construction, and a Simplex® mechanical lock. The attractive yet durable powder coat antique silver finish is topped with a domed Fort Knox logo. The heavy-duty tamper resistant hinge has been positioned under the door to protect it from attack, and the bottom is pre-drilled for easy bolt down. This pistol box is built like no other - the highest quality you can buy and of course it will carry the same lifetime warranty that Fort Knox is famous for.

- » 10 gauge steel, Uni-body construction.
- » Massive 3/16th" tamper-resistant wrap around door.
- » Gas strut assisted heavyweight door.
- » Welded and concealed continuous hinge.
- » Simplex mechanical keyless locking devise.
- » Durable antique silver-textured powder coat finish.
- » Top and bottom foam cushion lined.
- » Limited lifetime warranty.

Fort Knox is proud of the fact that from the raw steel to the last coat of paint, Ft. Knox uses only the best American made products.
